U.S. DISTRICT COURT
DISTRICT OF MASS.

Dear Sir/Madam,
you have been invaluable in the past and I hope you must
know. I have been in an attempt to compile pertinent information
yet my efforts are continually thwarted. Recently I have requested
the findings of an investigation performed on the court & historical
rules of Henry Johnson & Stramano a clerk in my
complaint. The investigation itself was as per my request of
those who claim to have performed it claim I am ineligible
to receive any results of it.

I received a perfectly response that the information was gathered,
the attorney was reprimanded and the matter was closed. The
investigation results are a main part of my issue and
I need this data if I am to ever attempt to pose a decent
case on my own behalf. You might I ask this? to whom
do I contact in order to acquire these results?

Sincerely,

GREGORY FISHER 120416 G19
